publisher's note

It's May and Just about Time for the Spring **Red Book** to Ship!

The Spring 2026 edition of **The Red Book**, also known as **The Bond Buyer's Municipal Marketplace®**, ships in the next two weeks, and we could not be more excited for you to receive it!

Now reaching 1,200 of the Top Municipal Issuers

The **Red Book** is adding 200 more Municipal Issuers again, this time to reach a total of more than 1,200 of the Top Issuers of Municipal Bonds by dollar volume issued as measured by LSEG (the London Stock Exchange Group). These are the decision-makers who make deals across the country happen, and now they will be reviewing your Ads and reading your Listings. We know you will soon find these Issuers filling your inboxes and ringing your phones with requests for RFPs and new business opportunities once their Spring books arrive!

For more than 80 years, **The Red Book** has sought out, qualified and listed the firms that bring billions of dollars in municipal bonds to market each year. **The Red Book's** commitment to providing the most accurate data available has never been stronger as we continue to support building the businesses of customers as well as the municipal-bond industry as a whole. Thousands count on **The Red Book** data daily to connect them to this dynamic marketplace and make business happen.

Speaking of promoting one another's businesses, please join me in welcoming the many new Companies and new Additional Offices now listing in **The Red Book** in the Spring edition. Our industry continues to grow, and **The Red Book** is proud to be a part of that growth as we showcase these new players within our pages and on the **Municipal Marketplace® Online** at [MuniMarketplace.com](#).

The Red Book is here to connect all of you with one another, and we look forward to doing that for many years to come. We are only an e-mail or phone call away.

Sincerely yours,

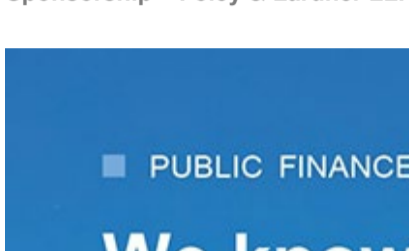

Tom Toussaint

Award Winning Polycentric Global Reach

In recent years, state and local governments have leveraged historically low interest rates to issue tax-exempt bonds for infrastructure and community development. Simultaneously, increased federal and state regulation has heightened the need for skilled legal counsel to navigate complex municipal finance transactions.

With experience in public finance across all 50 states, we structure and close financings for projects such as sports arenas, schools, affordable housing, health care facilities, airports, utilities, and mass transit. We serve as bond, tax, or disclosure counsel to government entities, and as special counsel to underwriters, investors, banks, and tax-exempt organizations. Post-closing, we advise on compliance and IRS audits.

Our expertise spans:

- Tax-supported and revenue obligations
- Lease and installment purchase financings
- Variable-rate, direct purchase, and derivative products
- Tax credit and subsidy bonds
- Federal, state, and local incentives

We deliver innovative solutions for impactful projects.
